Use the instructions for this document to complete your presentation checklist; then e-mail your completed presentation checklist (*not* the instructions) to the Academic Affairs chair by his or her specified deadline. **Please note:** If an item listed is not relevant to your specific presentation to Academic Affairs, please mark as **N/A**. Use as many pages as necessary.

## PROPOSAL OVERVIEW

### TYPE OF AGENDA ITEM

- Information Item (requires approval of AA Chair)
- Action Item
  - Information and committee feedback
  - Procedure—revision (Attach current procedure with proposed changes illustrated with track changes)
  - Procedure—new
    - Identify suggested location in *GPM*: \_\_\_\_\_
- Policy—revision (Attach current policy with proposed changes illustrated with track changes)
- Policy—new
  - Identify suggested location in *GPM*: \_\_\_\_\_
- New academic program
- Other: \_\_\_\_\_

**BUDGET**

**INSTRUCTIONAL REQUIREMENTS**

**OPERATIONAL NEEDS, CURRENT AND FUTURE**

**STUDENT IMPACT**

**ANTICIPATED IMPLEMENTATION TIMELINE**

## ASSOCIATE OF ARTS TRANSFER DEGREE (AAT)

Like the AST degree, a student who completes this program will have met the lower division major and general education requirements of baccalaureate degree programs for transfer to a public university in Oregon and have junior standing in a specific major or have equivalent status to students who started at a public university in the same major. Courses of study leading to a major in the Humanities, Social Sciences, or Arts will generally be embedded in the Associate of Arts Transfer degree. Please note that class standing, or GPA requirements for specific majors, department, or schools are not necessarily satisfied by an Associate of Arts Transfer degree. Students should always work with their academic advisor and check with the receiving institutions to ensure they have the most current transfer and degree information. COCC is preparing an AAT degree in English Literature; check with your advisor for details.

### Advantages

- Students can meet all or most general education and major requirements to transfer an Oregon public university with Junior standing in the major if appropriate courses are chosen.
- The classes, outcomes and completion standards for the major-specific elements within Associate of Arts Transfer degree are defined at the state level. In majors where junior standing within 90 credits is not possible, students who complete an Associate of Arts Transfer degree will have equivalent status to students who started at a public university in the same major.
- The Associate of Arts Transfer degree includes at least 8 courses/minimum 30 credits of embedded coursework called the Core Transfer Map which will apply to at least 30 credits of general education requirements for a bachelor's degree at any Oregon public university.

### Considerations

- A student is encouraged to work with an advisor in the selection of courses in order to meet the degree requirements of the baccalaureate institution to which the student plans to transfer
- All course, class standing, or GPA requirements for specific majors, department, or schools are not necessarily satisfied by an Associate of Arts Transfer degree.

### Requirements

Required courses:

- 90-108 credits
- Course requirements align with state standard
- General education courses (foundational skills and discipline studies) must be a minimum of three credits
- Courses may only count in one requirement (except cultural literacy)
- Limit of 12 CTE credits

Performance standards:

- Students must have a minimum cumulative GPA of 2.0.
- All courses must be completed with a C grade or higher.

# TRANSFER PREPARATION

Students wishing to attend COCC and use credits earned toward a bachelor's degree have several options that range from completing individual courses to completing an associate degree designed for transfer.

[ASSOCIATE OF ARTS OREGON TRANSFER DEGREE \(AAOT\)](#)

[ASSOCIATE OF ARTS TRANSFER DEGREE \(AAT\)](#)

[ASSOCIATE OF SCIENCE OREGON TRANSFER DEGREE \(ASOT\)](#)

[ASSOCIATE OF SCIENCE TRANSFER DEGREE \(AST\)](#)

Like the AAT degree, a student who completes this program will have met the lower division major and general education requirements of baccalaureate degree programs for transfer to a public university in Oregon and have junior standing in a specific major or have equivalent status to students who started at a public university in the same major. Courses of study leading to a major in a STEM discipline will generally be embedded in the Associate of Science Transfer degree. Please note that class standing, or GPA requirements for specific majors, department, or schools are not necessarily satisfied by an Associate of Science Transfer degree. Students should always work with their academic advisor and check with the receiving institutions to ensure they have the most current transfer and degree information. COCC is preparing AST degrees in Biology and Business; check with your advisor for details.

## Advantages

- Students can meet all or most general education and major requirements to transfer an Oregon public university with Junior standing in the major if appropriate courses are chosen.
- The classes, outcomes and completion standards for the major-specific elements within Associate of Science Transfer degree are defined at the state level. In majors where junior standing within 90 credits is not possible, students who complete an Associate of Science Transfer degree will have equivalent status to students who started at a public university in the same major.
- The Associate of Science Transfer degree includes at least 8 courses/minimum 30 credits of embedded coursework called the Core Transfer Map which will apply to at least 30 credits of general education requirements for a bachelor's degree at any Oregon public university.

## Considerations

- A student is encouraged to work with an advisor in the selection of courses in order to meet the degree requirements of the baccalaureate institution to which the student plans to transfer
- All course, class standing, or GPA requirements for specific majors, department, or schools are not necessarily satisfied by an Associate of Science Transfer degree.
