**Evaluation Notes:**  
 Students should consult the Purdue Global catalog for program-specific admissions requirements, including that proof must be provided of either a minimum of a commercial pilot certificate with airplane single-engine and multiengine ratings and a flight instructor certificate or completion of the Federal Aviation Administration (FAA) requirement for a Private Pilot Flight Certificate and acceptance and simultaneous enrollment at a Purdue Global-approved affiliated Part 141 flight instruction program.  
 Associate's degree must be composed of at least ninety quarter credits to fulfill Purdue Global's prior degree requirement. Any credits completed above the required ninety quarter credits can be applied to the open elective requirements.

This worksheet does not constitute an official evaluation of a student's prior learning. All students who possess prior learning are encouraged to submit evidence of such and apply for credit evaluations. All prior learning is reviewed on a case-by-case basis, and credit is awarded ultimately at the discretion of the University. To be considered, official transcripts and exam scores should be sent to the following address:
