CAMPUS PUBLIC SAFETY (CPS)

ADMINISTRATION

Campus Public Safety (CPS) falls under the purview of the Office of the Vice President for Administration.

The department is staffed with Director/Chief, Supervising Officer/Sergeant, Senior Officer/Corporal, Public Safety Officers, Student Officers (Cadets), Administrative/Dispatch Personnel, and Federal Work-Study Employees.

HOURS OF OPERATION

The department provides patrol and response services **24 hours a day/7 days a week** on the Bend campus. There is also a patrol officer(s) assigned to our Redmond, Prineville and Madras campuses.

PUBLIC SAFETY OFFICERS

All COCC officers are certified through the Oregon Department of Public Safety and Standards Training (DPSST) as unarmed, private security officers. Prior to employment, all officers must successfully pass a stringent background check, a driving history assessment and a criminal history check by DPSST.

Each officer completes an extensive 400-hour in-house training program, an 80-hour Basic Campus Law Enforcement Academy, and a minimum of 40 hours a year continuing education and refresher trainings.

Many officers have received certified training in Crisis Intervention to assist with students/staff and faculty experiencing a mental health crisis. Additional trainings include (but not limited to) verbal judo, defensive tactics, sexual assault response and other trainings deemed appropriate by administration. All CPS officers are first aid and CPR certified and trained in the use of Automatic External Defibrillators (AEDs).

OFFICER AUTHORITY

CPS officers have approved authority to enforce all policies and regulations enacted by the governing board of the College. Under Oregon Revised Statute (**ORS 341.300**), officers have authority to enforce all traffic and parking regulations adopted by the governing board. CPS officers have the authority to ask all persons in/on college property for identification.

When there exists potential harm to persons or property on campus, CPS, may choose to initiate a "private person arrest" (citizen's arrest), in full compliance with the specific requirements found in ORS Chapter 133 and any other applicable law. In the event of any disturbance, CPS will to the extent practicable, first seek to solve it without effecting an arrest.

All CPS officers have authorization to issue notices of trespass from specific buildings and/or COCC campuses, as they are designated "persons in charge" for this authority.

NOTE: Jurisdictional authority is limited to COCC properties, facilities, college owned roadways and parking lots.

ENFORCEMENT OF POLICY VIOLATIONS

Persons who violate campus policies are subject to citation; this applies to policy violations and traffic violations (including parking). Violations of policies and traffic laws result in citations and monetary fines. Unpaid citations risk registration holds, graduation delays, transcript holds and potential government garnishment. Faculty and staff held to these same possible sanctions.

Other policy violations may also be subject to citation or adjudication through student conduct hearings, which may result in academic warnings, suspensions or expulsions.

OFFICER RESPONSE FOR ASSISTANCE

Campus Public Safety Officers will respond to and investigate all requests incidents and reported crimes. Officers are authorized to respond and investigate incidents through the authority granted by the COCC Board of Directors, and as mutually agreed upon with local law enforcement.

NOTE: If at any time after the initial report is made the incident becomes less urgent, more urgent or is resolved, the reporting party should contact Campus Public Safety or local law enforcement (911) to inform them of the change in status.

Reports are submitted through our online system via [Maxient Report](#); once a report is filed, it is sent to the CPS internal email system and assigned to an officer for follow-up. Reporting parties should indicate if they would like to have follow-up regarding their report, the urgency and as much information as possible to assist in investigating the complaint.

NOTE: It is unadvisable to report emergencies or crimes in progress via Maxient. This reporting method is for less urgent issues that still require Public Safety follow-up.

Violators of this policy are prosecuted fully to the extent of State and Federal laws and, in addition, there are specific consequences for employees and for students, which are also stated in the College Drug-Free Campus Procedures. CONCEALED WEAPONS ON CAMPUS

COCC strongly discourages the possession of firearms on campus and enforces this fully in accordance with the law; however, we recognize provisions under the ORS that create limited exemptions to these prohibitions. Persons who allowed to carry firearms under the provisions of the ORS must understand the responsibility and liability associated with carrying, possession or use of a firearm.

- The responsibility to properly and lawfully carry and conceal your firearm rests squarely with you. Failure to do so may result in disciplinary action from the College.
- Improper use, carry, storage, concealment or behavior related to firearms may be grounds for CPS to notify the relevant county Sheriff of such actions. This can negatively affect your concealed carry licensure.
- [Campus Public Safety FAQs](#) for more information.

Students, staff and faculty do not have a duty to engage a violent, aggressive or suspicious person even if they legally have a concealed weapons permit.

NOTE: If your concealed firearm is seen by anyone in public while on COCC property, this is considered a violation and will be handled accordingly. If you use a legally carried firearm to defend yourself the liability for the use of that weapon rests with you, **NOT THE COLLEGE.**

NOTE: Every effort is made to update the Crime Log as crimes occur, however, depending on case load and priority calls, logs may be updated once every 48 hours.

NOTE: Printed format of the Crime Log only shows the last 60 days, requests for logs beyond that timeframe will have a 48-hour turnaround time.

Campus Public Safety Staff can provide any individual a copy of the printed report as requested (unless they are on a priority call). If officer(s) or staff are unavailable at the time of request, they have up to 48-hours to provide a copy.

CRIME AWARENESS

SAFETY ESCORTS

Campus Public Safety officers are available to provide on foot safety escorts on the Bend Campus 24 hours a day/7 days a week.

Redmond, Madras and Prineville officers can provide on foot safety escorts if an officer is on duty in those locations at the time of the request.

To request a safety escort call **541.388.7272**. If possible, please request the escort at least 10-15 minutes prior to the time the escort is needed. This will help insure that an officer is available.

TIPS TO AVOID BECOMING A VICTIM

PROTECT YOURSELF

Survivors of crimes are not responsible for acts committed against them. While not all crimes can be prevented, persons on campus should be vigilant and take the following precautions:

- Walk in groups as often as possible. If you are working/studying later into the evening, request a Safety Escort by calling **541383.7272**
- Refrain from getting on elevators with people who behave in a strange way.
- Always report suspicious people, cars and situations to CPS.

PROTECT YOUR PROPERTY

- Never leave valuables unattended.
- Engrave personal property with a unique identifier.
- Keep a written record of all personal valuables, including descriptions and serial numbers in a safe location.

PROTECT YOUR OFFICE

- Never leave valuables unattended; lock them in a drawer, closet or carry them with you.
- Do not leave your keys unattended.

PROTECT YOUR KEYS AND FOBS

- Never leave your keys or fobs unattended.
- If keys or fob are lost or stolen, notify:
 - CPS: **541.383.7272**
 - Student Life: **541.383.7592**

PARKING LOT SAFETY

- Always lock your vehicle.
- When returning to your vehicle, have the keys out and ready.
- Check the interior of your vehicle before getting inside.
- Notify CPS of any suspicious people/vehicles loitering in COCC parking lots.
- Request a safety escort after hours and you are alone.
- Never leave valuables in your vehicle.
 - If you do need to bring them, place them in the trunk.

IF YOU ARE ATTACKED

- Be rude, loud, scream, yell, kick, fight, run, act crazy, yell fire, scratch.
- If you use pepper spray, run away as soon as assailant is distracted.
- If someone wants your property hand it to them rather than fighting over it.
- Try to take down as many features of the assailant as possible. The more unique the better it is for identification.
- If a vehicle is involved, attempt to get the license plate number and descriptive information about the vehicles features.

CRIME PREVENTION OPPORTUNITIES ON CAMPUS

Campus Public Safety officers and administration participate in a variety of college sponsored activities to promote the prevention of crime as well as safety and security principles.

Students new to the resident hall receive training from CPS staff in the prevention of crime and promoting a safe educational experience. In addition, CPS officers make regular appearances at the residence hall to talk with students and staff.

The Campus Public Safety department has a designated Crime Prevention Officer who is responsible for the coordination of crime prevention activities that include:

- Sexual assault awareness and prevention
- Alcohol awareness
- Anti-drug use
- Personal safety

CPS officers are also available to conduct safety inspections and presentations focusing on crime prevention and personal safety.

RUN/HIDE/FIGHT

Active violence response training is provided throughout the year and by request. Participants will learn how to protect themselves if there is a violent act on campus.

SCHEDULING A TRAINING OR PRESENTATION

Training is offered at no cost to students, staff and faculty, to schedule a presentation contact

EMERGENCY RESPONSE & EVACUATION PROCEDURES

EMERGENCY NOTIFICATION SYSTEM (ENS)

COCC's Emergency Notification System is used to immediately notify the campus community if a significant or dangerous situation involving immediate threat to health or safety is occurring on or near the campus.

The College currently has an OPT-OUT system for notification, students and staff can update their ENS contact information through their COCC Bobcat Account.

In compliance with the Campus Security Act of 1999 (aka: Clery Act), Campus Public Safety in conjunction with the Office of College Relations, will issue Timely Warning Notices to inform the campus community of incidents on campus that may put community members at risk or will aid in the prevention of similar crimes. Likewise, the College may issue emergency notifications for other incidents on or near campus for the safety of the campus community.

Timely Warning Notices and emergency notifications issued by the [College Relations Department](#). This department maintains strict procedures to ensure that warnings are issued when appropriate and with appropriate immediacy. Notifications may be issued through:

- Phone
- Email
- Text messages
- Website postings
- Social Media
- Media releases

When Timely Warning Notices are issued the College will, within the scope of the law, protect the names of victims of crime. The notifications shall include:

1. The date/time of the incident
2. The location of the incident
3. Nature of the incident
4. Any recommended actions for those receiving the message

Examples of emergencies that would result in an emergency notification including (but not limited to):

- Crime against a person
- Murder
- Robbery
- Aggravated assault
- Sexual assault
- Active violence on campus
- Hostage/barricade situation
- Riot
- Bomb threat
- Fire, explosion
- Suspicious deaths
- Biological threats
- Flooding
- Dangerous weather conditions
- Hazardous material spills

The College's procedures for directing timely warnings and emergency messages are found on the COCC website (www.cocc.edu) in the Institutional Continuity Plan and in the [Emergency Procedures Manual](#).

The Director of College Relations (or designee) has the authority to issue Timely Warning Notices and emergency notifications immediately and without the review or consultation of the crisis communication team to comply with the Campus Security Act of 1999.

The Director of College Relations shall assess the available information to determine the content and the appropriate segment of the campus community to distribute the Timely Warning Notice or emergency notification. Appropriate and timely follow-up information released as it becomes available. Documentation of Timely Warning Notices and emergency notifications maintained in the College Relations Department.

The college, when appropriate for the welfare and safety of the larger community, will include local government emergency service providers and local media outlets with information contained in the Timely Warning Notices and/or emergency notifications.

There are times when crimes are reported long after they occurred or do not pose a serious or continuing threat to the campus community (i.e., a physical altercation between two roommates on campus). This would be on the crime log, and counted for Clery purposes, however, they would not be sent out as a timely warning as there would not be a threat to the College community.

NOTE: Crimes reported long after they have occurred will still be included in the Daily Crime Log within 48-hours of notification.

If it is determined that an emergency notification is to be distributed to the general population, the notification will be sent out as previously indicated and will also be sent to local news media organizations.

INTERACTION WITH LAW ENFORCEMENT

The Department of Campus Public Safety enjoys a professional and productive relationship with local law enforcement.

All local law enforcement departments are full service law enforcement agencies that provide routine patrol in and around campus properties. CPS cooperates with County, State and Federal Law Enforcement agencies in the investigation of crimes and response to incidents within their jurisdictions. CPS refers all incidents requiring law enforcement response or investigation to the appropriate agency.

To enhance cooperative efforts and response to incidents on the Bend campus, Campus Public Safety collaborates with the City of Bend Police Department through a memorandum of understanding (MOU). This is a working document that is reviewed periodically to ensure the MOU benefits all involved signatories.

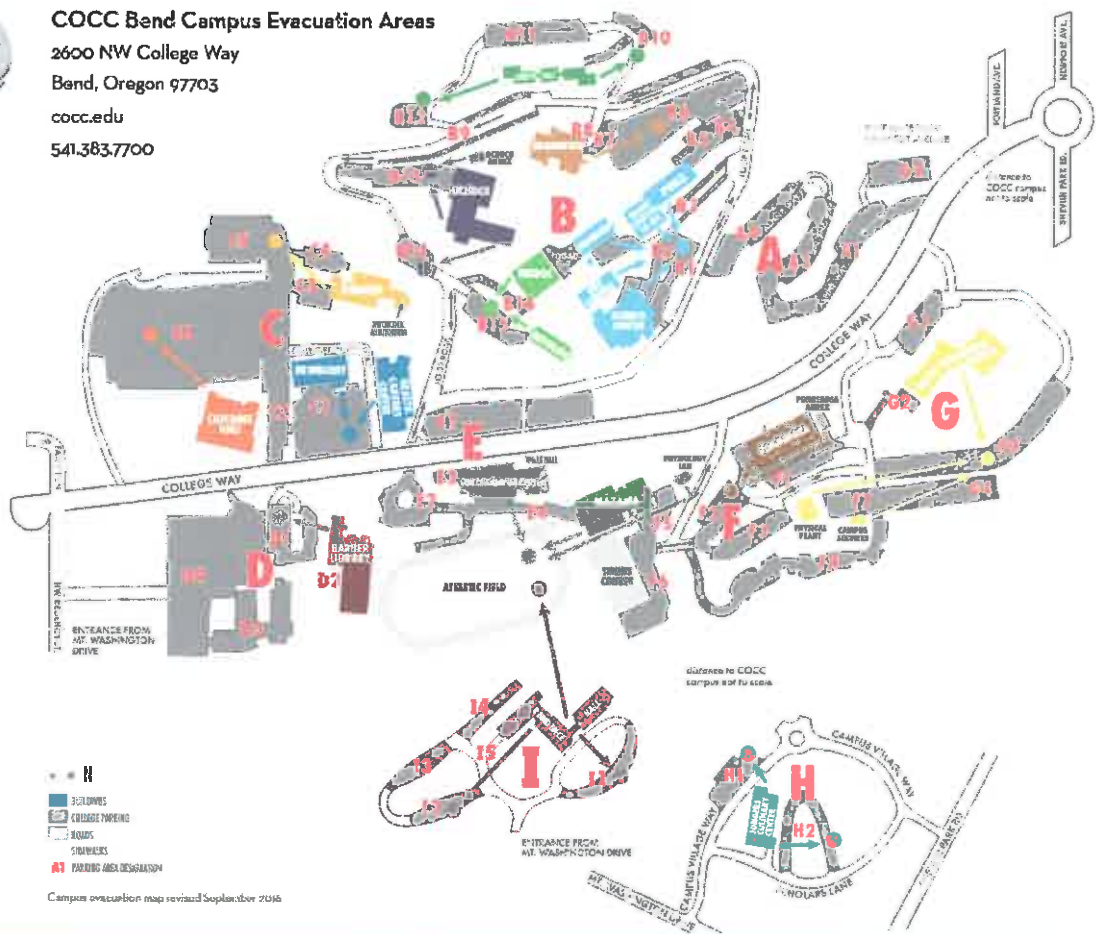

EVACUATION PROCEDURES

COCC has developed a comprehensive Emergency Procedures Manual and provides training for certain work groups throughout the College community. The procedures provide direction for a variety of natural and person-caused disasters and emergencies.

The College has established an emergency notification system that all students and staff are automatically registered for when they become students or begin employment through their Bobcat Web Account. The system, when activated by campus officials, will send alerts and emergency messages to each person's email accounts as well as to all phone numbers listed.

At least one drill will be completed annually in conjunction with the other drills and the safety and security report updated with the results.

ADDITIONAL INFORMATION ON EVACUATIONS

Included in the [Emergency Procedures Manual](#) are operational procedures for evacuations. The College has identified strategic locations throughout the campus as evacuation assembly areas and evacuation assembly areas for staff and students who are mobility impaired.

SHELTERING IN PLACE

Used for a variety of emergencies where staying in one location is safer than evacuation. This may last several hours in some cases. The Director of College Relations, his or her designee or the communications team, issues the directive to shelter in place. The directive issued follow these steps:

- ▣ Close windows and doors
- ▣ Seal gaps in windows, doors so contaminants cannot enter
- ▣ Turn off ventilation systems
- ▣ Do not evacuate unless reasonably suspect that shelter has been compromised beyond the hazards outside
- ▣ Avoid eating/drinking foods that may have been contaminated
- ▣ Maintain physical and psychological health by resting, eating and drinking
- ▣ Plan for the next steps
- ▣ Turn on a radio or TV if available and listen for further instructions
- ▣ If there is enough time to gather food and drinks, do so – could be sheltered in place for unknown amount of time
- ▣ Avoid overusing electronics that may be needed at a later time during the emergency

WEATHER RELATED CLOSURE COMMUNICATION

It is the philosophy of COCC that classes will be held except in the case of extreme adverse conditions.

At times road conditions on campus are acceptable, yet travel from some part of the district may be inadvisable. Students and staff are encouraged to decide what is best for their own safety.

If campus is closed the College Relations Office, his or her designee or the communications team, will notify the community through email, COCC's website, voicemail and local media outlets.

Decisions to cancel often made before 6:00 a.m. however; conditions can change at any time and may prompt an update. If changes are made after 6:00 a.m., the COCC switchboard will update their message accordingly.

CAMPUS FACILITIES & BUILDING ACCESS

Most buildings on campus are open and accessible during normal business hours; these hours are scheduled and adjusted as needed through Campus Public Safety.

After hour access to COCC facilities and buildings are restricted to faculty, staff, students and visitors with approved access arranged prior to the visit. Those needing access must contact Campus Public Safety **541.383.7272** for approval and officer unlock.

Emergencies may necessitate changes or alterations to posted schedules.

RESIDENCE HALL ACCESS

Access to the Residence Hall is restricted to residents, resident guests and individuals approved by the appropriate campus personnel. After hour, access to the Residence Hall is restricted to a FOB access only. Residents may not give their room key or building entrance key to any guest at any time. Guests are **permitted** to stay with students at the Residence Hall with permission by residence hall staff. They must be accompanied by the student host at all times. Stays are limited to two consecutive nights and only on Friday and Saturday nights. The full policy can be found under the [Policies and Expectations Guide](#).

Tampering with, propping or otherwise disabling locked exterior or interior doors, opening doors for non-residents or allowing non-resident students to “tailgate” into the building is **prohibited**.

Keys issued to residents may not be duplicated; lost keys should be reported immediately to residence life staff. Lost keys will be replaced, new keys issued and the student charged for new keys issued.

SECURITY MAINTENANCE

COCC is committed to safe lighting on campus. Campus Public Safety, Campus Services, and the Safety Committee and others as needed, routinely conducts formal surveys of campus lighting needs.

Safety systems including alarm systems (intrusion and fire), emergency equipment (i.e., AED's), fire suppression equipment (i.e., sprinklers and extinguishers) and other safety related activities are routinely audited and inspected per OSHA mandates and fire regulations.

Campus Public Safety has trained and certified in Crime Prevention through Environmental Design (CPTED); these individuals provide recommendations and guidance on campus for construction projects and infrastructure changes.

Members of the campus community are encouraged to report any exterior lighting issues to Campus Services by calling: **541.383.7755**.

SEXUAL ASSAULT PREVENTION & RESPONSE

Central Oregon Community College does not tolerate sexual misconduct including but not limited to:

- alleged dating violence
- domestic violence
- sexual assault
- stalking

It is the responsibility of every member within the College community to ensure that these policies are actively supported and strictly enforced. This includes notifying all members of the campus community of their rights and responsibilities under the sexual misconduct/sexual violence policies.

Members of the College community, guests and visitors have the right to be free from sexual misconduct or violence. When an allegation of sexual misconduct or violence is brought to the administration, and a respondent found to have violated this policy, serious sanctions will be used.

To ensure that victims receive the appropriate support and the College responds to any violations of these policies, all college employees are required to report any sexual misconduct to the appropriate department/contact immediately.

The following information applies to all interactions between two or more individuals, regardless of sexual orientation or gender identity.

CONSENT

In order to engage in sexual activity of any type, there must be clear consent.

Effective consent is defined as informed, freely and actively given understanding to participate in mutually agreed upon sexual activity.

Mutually understandable consent is identified as whether a reasonable person would consider the actions of the parties to have manifested a mutually understandable agreement between them to do the same thing, in the same way, at the same time with each other.

- Consent to one form of sexual activity cannot imply consent to other forms of sexual activity
- Previous relationships or consent cannot imply consent to future sexual acts
- Consent which is obtained through the use of fraud or force whether that force be physical force, threats, intimidation or coercion is in effect, not consent

IF IT'S NOT
CLEAR
IT'S NOT CONSENT

Consent may **never** be given by:

- Minors (statutory rape) – In Oregon that is any party under the age of 18
- Mentally disabled persons
- Physically incapacitated persons
- Individuals who as a result of alcohol or other drug consumption (voluntary or involuntary), is unconscious, unaware or otherwise physically helpless

Consent may be withdrawn by any party at any time. Recognizing the dynamic nature of sexual activity, individuals choosing to engage in sexual activity must evaluate consent in an ongoing manner and communicate clearly throughout all states of sexual activity. Withdrawal of consent can be expressed verbally or can be based on an outward demonstration that conveys that an individual is hesitant, confused, uncertain, or no longer a mutual participant. Once consent is withdrawn, the sexual activity must cease immediately and all parties must obtain mutually expressed or clearly stated consent before continuing further sexual activity.

Alcohol and drug influence can impair a party's ability to make educated decisions regarding sexual consent. Both parties should be aware of the others level of intoxication. If there is any question as to a party's ability to give consent, they should not have sexual contact until both parties are sober. Intoxication is never an excuse and does not diminish one's responsibility to obtain consent.

SEXUAL MISCONDUCT OFFENSES

Sexual misconduct may include any of the following (but not limited to):

- Sexual harassment
- Non-consensual sexual intercourse or attempts to commit the same
- Non-consensual sexual contact or attempts to commit the same
- Dating violence
- Domestic violence
- Sexual assault
- Stalking
- Sexual Exploitation

HOSTILE ENVIRONMENT

A hostile environment is defined as any situation in which there is harassing conduct that is sufficiently severe, pervasive, persistent and patently, objectively offensive that it affects one's education or employment, from both a subjective (alleged victim) and objective (reasonable persons) viewpoint. The determination of whether an environment is "hostile" include the following factors.

- The frequency of the conduct
- The nature and severity of the conduct
- Whether the conduct was physically threatening
- Whether the conduct was humiliating
- The effect of the conduct on the alleged victims mental or emotional state
- Whether the conduct was directed at more than one person
- Whether the conduct arose in the context of other discriminatory conduct
- Whether the conduct unreasonably interfered with the alleged victims educational or work performance
- Whether the statement is a mere utterance of an epithet, which engenders offense in an employee or student or offends by mere discourtesy or rudeness
- Whether the speech or conduct deserves the protections of academic freedom

QUID PRO QUO SEXUAL HARASSMENT

Quid Pro Quo Sexual Harassment is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature, where submission to or rejection of such conduct results in adverse educational or employment action.

NON-CONSENSUAL SEXUAL INTERCOURSE

Non-Consensual Sexual Intercourse is defined as any sexual intercourse (anal, oral or vaginal) however slight, with any object, by a man or woman upon a man or woman without consent.

NON-CONSENSUAL SEXUAL CONTACT

Non-Consensual Sexual Contact is defined as any intentional sexual touching, however slight, with any object by a man or a woman upon a man or a woman without consent.

SEXUAL EXPLOITATION

Sexual Exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples include:

- Prostituting another person
- Non-consensual video or audio-taping of sexual activity
- Going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex)
- Engaging in “peeping tom” activities
- Knowingly transmitting a sexually transmitted infection (STI) or HIV to another student

REPORTING AN INCIDENT

Victims are encouraged to speak to officials of the institution to make formal reports of incidents. For student victims, most reports can be made to either the [Director of Student Life](#) or [Campus Public Safety](#). Employee reports should be made through [Human Resources Department](#).

All incidents of sexual misconduct are taken seriously by the College when formally reported. Incidents are investigated and properly resolved through administrative procedures. College personnel will only share information from a report with the appropriate college official(s) or as needed to formally investigate a report. This means that information could be shared with investigators, witnesses and the accused. Information sharing is limited to preserve victim rights and privacy.

A victim may request that all information remain confidential and not have the claim investigated. The college will review the information to ensure no other health and safety issues exists. If not other threat exists, the College will honor the victims request for confidentiality.

If a victim wants to guarantee that the incident be kept confidential, the victim may speak with on campus counselors, off-campus victim advocates and/or sexual assault nurse educators (available in local hospitals) who will maintain confidentiality. Campus counselors are available in the CAP Center. Counselors are available free of charge and can be seen on an emergency basis.

Victims may speak on and off campus with members of the clergy and chaplains who will also keep reports made to them confidential.

- Complainants in a non-consensual sexual contact/intercourse, sexual exploitation, sexual harassment, stalking, and relationship violence incidents have an absolute right to be informed of the outcome and sanctions of the hearing, in writing, without condition or limitation
- Students who bring a sexual misconduct complaint against faculty or staff may be informed of the outcome and sanction within the parameters of Oregon statutes protecting confidentiality of personnel actions
- The College may publically release the name, nature of the violation and the sanction for any student who is found in violation of a College policy that is a "crime of violence" including arson, burglary, robbery, criminal homicide, sex offenses, assault, destruction/vandalism of property and kidnapping/abduction. The College will release this information to the complainant in any of these offenses regardless of the outcome.

ALTERNATIVE TESTIMONY OPTIONS

In sexual misconduct/violence complaints and other complaints of a sensitive nature. Whether the alleged victim is serving as the complainant or as a witness, alternative testimony options will be given, such as placing a privacy screen in the hearing room, or allowing the alleged victim to testify from another room via remote broadcasting.

These options are intended to help make the alleged victim or witness more comfortable without disenfranchising the accused student.

PAST SEXUAL HISTORY/CHARACTER

Past sexual history will not be admissible by the other party in hearings unless such information is determined to be highly relevant by the hearings officer. All information sought to be admitted must be presumed irrelevant, and any request to overcome this presumption by the parties must be included in the complaint/response or a subsequent written request, and must be reviewed in advance of the hearing by the hearings officer. While previous conduct violations, for example, committed by the accused student are not generally admissible as information about the present alleged violation, the hearings officer may consider previous complaint information only if:

- The accused was previously found to be responsible
- The previous incident was substantially similar to the present allegation
- Information indicates a pattern of behavior and substantial conformity with that pattern by the accused student

RECOMMENDED PROCEDURES FOR VICTIMS TO FOLLOW

After an incident involving sexual assault, dating violence or domestic violence the victim is strongly encouraged to seek medical attention at any of the following emergency rooms in the tri-county area

- St. Charles – **Bend** | 2500 NE Neff Road, Bend OR 97702 | **541.382.4321** | Open 24 Hours
- St. Charles – **Redmond** | 1253 N Canal Blvd., Redmond OR 97756 | **541.548.8131** | Open 24 Hours
- St. Charles – **Prineville** | 384 SE Combs Flat Rd, Prineville OR 97754 | **541.447.6254** | Open 24 Hours
- St. Charles – **Madras** | 470 NE A St, Madras OR 97761 | **541.475.3882** | Open 24 Hours

It is recommended that evidence be collected within **72 hours**, if you are a victim of sexual assault, to offer the best preservation possibility. It is important not to bathe, douche, smoke, change clothing or clean the area where assaulted.

It is also important to preserve evidence by saving text messages, social media posts and a journal of what occurred with dates and times.

If victims choose to not go through the forensic evidence collection (rape kit), Emergency Room staff are still able to assist with precautions for pregnancy and sexually transmitted diseases. St. Charles ER offers Sexual Assault Nurse Examiners (SANE), a qualification for forensic nurses who have received special training to conduct sexual assault evidentiary exams for rape victims. These specialized nurses are on call 24-hours a day and will arrive at the ER within one hour of a victim's arrival.

- The Title IX/EEO Officer (or designee) will meet with the concerned individual within **five (5) business days** of receiving the complaint to review the concerns and determine the proper avenue for addressing the complaint
- If it is determined that a Title IX/EEO investigation is not warranted, the Title IX/EEO will provide guidance and resources as to other avenues to address the concern if appropriate
- If it is determined that a formal investigation is warranted, the Title IX/EEO officer will designate an investigating officer; the investigating officer will complete an investigation within **fifteen (15) business days** after the Title IX/EEO officer meets with the concerned individual. As part of the investigation, the investigating officer may notify the appropriate college staff of the investigation; this may include interviewing all parties to the complaint and interviews with witnesses as identified. All parties have the right to have a support person present at such

interviews. The investigating officer will collect all supporting documentation.

Upon completion of the investigation, the investigating officer will prepare a final investigation file including interview summaries and supporting documentation. The investigation will be completed within **ten (10) business days** of the completion of the investigation and submitted to the Title IX/EEO officer.

ON-CAMPUS EDUCATION

The College provides information on sexual misconduct and harassment (Title IX). The College provides prevention training for students, staff and faculty. All new employees are required to complete an online training in prevention of sexual misconduct and harassment. Campus Public Safety and other college departments provide RAD (rape aggression defense) training as well as other personal safety training.

Additional trainings offered on an annual basis include information on:

- Education programs to promote the awareness of rape, acquaintance rape and other sex offenses
- Procedures victims should follow if a sex offense occurs, including who should be contacted, the importance of preserving evidence as necessary for proof of criminal sexual assault and to whom the alleged offense should be reported
- Notification of students about options and available assistance in changing academic and living situations after an alleged sexual assault incident
- Assistance by a college authority to report the offense to law enforcement as requested
- The College’s statement on sexual misconduct and assault including disciplinary procedures is located at www.cocc.edu/sexual-misconduct-policy

PROTECTION OF INVOLVED PARTIES

Campus Public Safety Officers as well as the Title IX Investigation Team, have the authority to issue no-contact or trespass orders to protect the parties involved in a sexual misconduct investigation.

- The no-contact orders may be issued to prohibit any contact, limit contact or prohibit persons from being on campus.
- No-contact orders may be issued for the duration of the investigation or may be extended until rescinded by the College
- Trespass orders may be issued in significant and serious instances of misconduct or criminal/policy violations.

Failure to comply with the above listed order may result in external law enforcement involvement and formal arrest.

BYSTANDER INTERVENTION

The bystander effect is a phenomenon in which the more people who witness an emergency event, the less likely anyone is to intervene. Bystanders tend to monitor the reactions of other people in an emergency to see if others believe it necessary to intervene.

INTERVENTION

There are safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options and taking action to intervene.

- Look out for friends and fellow students
- Strive to create a safe campus community for everyone

RISK REDUCTION

Options exist to decrease perpetration and bystander inaction and to increase empowerment for victims that promote safety and help individuals and communities address conditions that facilitate violence.

- Be aware of ill intentions. This could include: someone encouraging excessive drinking or someone saying they are going to “hook up” with the most intoxicated person at a party.
- Trust your gut. If something does not feel right – it probably is not.
- Never leave your drink un-attended. If you set it down for any reason, dump it out and get a new one.
- Know your limits and your friends limits for drinking and other drug use

- Always use the buddy system
 - Make a plan with friends before you go out – how long you will be out, where you will go, if your friend meets someone, a code word to use if situations change, a safe ride home
 - Never leave a friend alone that has been drinking
 - If your friend is very drunk, take them to a safe place – leave the party, bar, house, etc.
- Avoid drinking games
- Limit drinks to one or less per hour
- Have a pre-planned designated driver

HEARING & ADJUDICATION PROCESS

The purpose of hearing is to review all the facts and to consider a testimony, both written and oral, in an effort towards determining whether or not college policy has been violated and whether or not a student should be disciplined, and if so, what disciplinary action should be taken.

INFORMATIONAL HEARING

Held for all misconduct cases. The results of these hearings will be considered binding when the decision of the Hearing Officer calls for a disciplinary action that does not include expulsion from the College or eviction from the Wickiup Residence Hall. If the student claims responsibility for actions or there is overwhelming evidence of student responsibility during the informal hearing process, the result could include indefinite or long-term suspension.

INFORMATIONAL HEARING PROCESS

The Director of Student Life or designee shall conduct an informal hearing with the student at which time the College official shall:

- Review the charges with the student
- Review the incident report or other documentation upon which the charges are based
- Review the possible disciplinary action that could be taken if found guilty
- Provide the student an opportunity to respond to the charges
- Discuss the charges and the student's response. The student shall be given an opportunity to plead responsible or not responsible to the charges
- Inform the student of his/her decision with respect to the charges within **two (2) business days** of the conference via a written decision letter. Possible actions that would result from the informal hearing including (but are not limited to):
 - Dismiss the charges
 - Assign sanctions
 - Order restitution

- Order probation
 - Order a summary suspension
 - Order a formal hearing
- The written decision of the conference will notify the student that he/she has a right to appeal that decision to the Dean of Students within **five (5) business days** from the date the hearing decision.

FORMAL HEARINGS

Formal hearings are held where alleged misconduct could result in such disciplinary action as final expulsion, indefinite or long-term suspension from the College or eviction from the Residence Hall.

FORMAL HEARING PROCESS

- Written notice of the formal hearing shall inform the student of:
 - The policy or regulation alleged to have been violated in sufficient detail to allow the student to prepare a defense
 - The possible disciplinary action to be taken
 - The right not to be compelled to testify against oneself
 - The right to a hearing as established under these disciplinary procedures
 - The right to examine the evidence, hear all testimony and to ask questions of witnesses appearing and testifying against him/her and to offer witnesses and evidence on his/her behalf. Evidence must be requested **48 hours before** the hearing.

- The right to an advisor of his/her choice, at his/her own expense, acting in an advisory capacity only. The name and address of the advisor must be provided to the office of Student Life no later than **24 hours prior** to a hearing. The
 - advisor is **prohibited** to speak at the College hearing
 - The right to enter a plea of “responsible” or “not responsible” within **three (3) school days** after the charge.
 - If the student fails to enter a plea within **three (3) school days**, a plea of “not responsible” is entered and a hearing date will be set by the Hearings officer
 - The right to bring witnesses to the hearing. A witness is a person who has personal knowledge of the incident at issue. Character witnesses are considered irrelevant and will not be permitted to testify.
 - A witness who serves as a witness may not serve in any other capacity during the hearing. The student must submit a list of witnesses to the Hearing officer **24 hours in advance** of the hearing.
 - The list should include each witness name and a summary of the witness expected testimony. It is the student’s responsibility to bring his/her witnesses to the hearing at the scheduled date and time.

HEARING PROCEDURES

CLOSED HEARING: all proceedings are closed, except that an alleged victim(s) may be given permission by a Hearing Officer to attend. Those present in the hearing room:

- ▣ Hearing officer
- ▣ College staff recorder
- ▣ Student's advisor
- ▣ Student involved
- ▣ Witnesses will be interviewed individually

UNBIASED ADJUDICATOR: Hearing officers must remove themselves from hearing a case if they believe that they cannot be unbiased. Respondent will be notified of the Hearing Officer(s) who will consider the charge at least **three (3) business days** before the hearing.

If the respondent or other interested party believes that the hearing officer cannot be unbiased, he/she must write to the [Dean of Students](#) in the office of Student Life to request a replacement stating the specific reason(s) he/she believes the hearing officer would be biased. The written request must be made a minimum of **two (2) business days** before the hearing is scheduled to be held. If the Dean of Students agrees, he/she will reassign the charge to a different hearing officer, but the hearing date will remain the same if at all possible.

HEARING RECORD: the hearing officer will make a record of the hearing. If the College deems it appropriate, the hearing will be audio recorded; a copy of the recording kept on file in the Office of Student Life.

MAINTAINING ORDER: the hearing officer is responsible for maintaining order during the hearing; they may take all steps reasonably necessary to ensure an orderly hearing.

PRESENTING EVIDENCE/QUESTIONING WITNESSES: the student will have an opportunity to present relevant information and witnesses in response to the charge. The student will have the opportunity to examine all information leading to the charge(s) and to respond to all witness testimony.

The student may not question witnesses directly, but may submit questions to the hearing officer (who asks the questions), who will decide which, if any of the questions to ask witnesses. If an alleged victim or a witness is not present at the hearing, his/her presence can be requested. Witnesses who have already testified may not talk with witnesses who have not yet testified.

REQUESTING EVIDENCE: the student or the hearing officer may request the presence of relevant witnesses. If an alleged victim or a witness is not present at the hearing, his/her presence can be requested.

SEXUAL OFFENSES: a victim of an alleged sexual offense or assault may testify via an intercom or other remote audio or video device, so that he/she may testify without face-to-face contact with the accused student. The accused student must know the identity of all witnesses who testify. In no event may testimony via intercom or other remote device be used to keep the alleged victims' identity from the accused student.

ANONYMOUS EVIDENCE/EVIDENCE RECEIVED OUTSIDE THE HEARING: the hearing officer will refuse to accept or hear any evidence coming from an anonymous source or evidence which is presented outside of the hearing.

RELEVANT EVIDENCE: the hearing officer will decide whether to admit evidence. Rules of evidence used in courts of law are not used in this judicial process. Generally, a hearing officer will agree to hear evidence which is relevant to the subject matter of the hearing and is fair and reliable under the circumstances of the case. Character witnesses generally are not considered relevant.

ADJUDICATORY STANDARD: the hearing officer or judicial council will determine whether the respondent is “responsible” or “not responsible” for the alleged violation. The respondent will be presumed “not responsible” until proven otherwise by a preponderance of the evidence.

A preponderance of the evidence is reached when the hearing official(s) judicial council concludes that it is more likely than not that the respondent violated the code as alleged in the charge.

After reviewing the available information on the case, the hearing officer will afford the student an opportunity to make his/her final comments before a decision is made.

WRITTEN HEARING DECISION: the hearing officer will provide a written decision to the student within two **(2) business days** following the hearing. The hearing decision will state what evidence the hearing officer/judicial council considered and how it reached its decision based upon that evidence. If the respondent is found responsible, the hearing decision will state what sanctions will be imposed.

NOTICE OF APPEAL: the respondent will be notified upon receiving the hearing decision that he/she has a right to appeal that decision, to the Judicial Affairs Officer or designee within **five (5) business days** from the date the hearing decision was sent.

APPEALS

Individuals wishing to appeal disciplinary decisions made through the informal or formal hearing process may do so to the Dean of Students or designee within **five (5) business days** from the date the hearing decision was received.

BASIS FOR APPEAL: the hearing decision may be appealed on the following basis only:

- A procedural error unfairly and materially affected the outcome of the case
- Evidence has been discovered which was not reasonably available at the time of the hearing and/or a clear abuse of discretion on the part of the hearing officer

SUBMITTING AN APPEAL: to appeal, the respondent must submit a written statement to the Dean of Students or designee stating as precisely as possible the basis for the appeal and the evidence to support the appeal.

CONSIDERATION OF APPEAL: upon receipt of the appeal, the Dean of Students or designee may elect to meet with the respondent to discuss the appeal and if necessary, hear the new evidence. The alleged victim may be given an opportunity to respond to the appeal.

WRITTEN APPEAL DECISION: the Dean of Students or designee will render a written decision regarding the appeal. If the appeal is granted, the Dean of Students or designee will state on what basis the appeal was granted and describe any new evidence that was received and considered in rendering an appeal decision. The appeal may modify the hearing decision, including sanctions as warranted.

NOTE: The appeal decision is final.

POST-HEARING

If the student fails to comply with the sanctions imposed upon him/her as may have been modified by appeal, the hearing officer retains the power to impose additional sanctions on the student, up to and including dismissal from the College.

In addition to the sanctions listed (in the next section), the hearing officer may place a hold on the student's future registration privileges with the College. Such a hold results in a cancellation of all pre-registered courses. The hold remains in effect until the outstanding judicial matter and/or sanctions have been resolved and the initiating party authorizes its release. The action is not subject to appeal unless the sanction involves suspension from the residence halls or suspension/dismissal from the College.

WARNING: notice that a student's conduct in a specific instance does not meet college standards and that continued misconduct may result in a more serious disciplinary action.

The determination of the seriousness of the alleged act shall be in the sole discretion of the College president or designee. Such suspension shall be in effect until a formal disciplinary hearing with the College president or designee has taken place. Determination of continued suspension or expulsion is made through the formal hearing process.

DEFERRED SUSPENSION: placement on deferred status during which there is observation and review of behavior. PRESERVATION OF EVIDENCE

Campus Public Safety Officers received training in the preservation of evidence as well as the collection and storage of evidence.

In the event an incident involves local law enforcement response for a criminal investigation, CPS Officers received training to maintain the crime scene and preserve the integrity of evidence for prosecution.

If suspicious items are encountered on campus that is suspicious, report it immediately to Campus Public Safety **541.383.7272** to determine the appropriate steps to follow.

SEX OFFENDER REGISTRATION

SEX OFFENDER REGISTRATION

In order to ensure that the information [about registered sex offenders] is readily accessible to the campus community, the Campus Sex Crimes Prevention Act requires colleges and universities to provide the campus community with clear guidance as to where this information can be reviewed. It also clarifies that Federal laws governing the privacy of educational records do not prevent campus security agencies or other administrators from disclosing such information.

The Federal Campus Sex Crimes Prevention Act of 2000 (CSPCA), became law on October 28th, 2000, however was delayed certain provisions until October 28th, 2002.

CSPCA provides special requirements relating to registration and community notification for sex offenders who are enrolled in or work at institutions of higher education. In addition to the Wetterling Act, CSPCA also amended the Clery Act and the Family Educational Rights and Privacy Act of 1974 to allow the disclosure of this information regarding students.

As provided in the Wetterling Act, any person required to register under a state sex offender registration program must notify the state regarding each institution of higher education in that state at which the person is employed, carries on a vocation or is a student. The person must also alert the state of any change in enrollment or employment status.

In Oregon, convicted sex offenders must register with the state. You can view this information by accessing the State of Oregon's website <http://sexoffenders.oregon.gov/SorPublic/>

Residence Hall staff and Campus Public Safety work closely together to ensure the safety of students who reside on Campus. Depending on the severity of the situation, Residence Hall Staff may handle the misconduct in-house, may contact Campus Public Safety, Student Services or local law enforcement.

Maintaining a safe environment for students and housing is essential. Students are encouraged to provide the on-campus housing department confidential, contact information for persons whom they have authorized to be contacted in the event they are reported missing.

This information will be accessible only to authorized campus officials and law enforcement and will not be disclosed outside of a missing person's investigation. This applies to residents over the age of 18.

Parents or guardians of students who are under 18 years of age will be contacted if the student is deemed "missing", regardless of the authorized persons listed on their emergency contact form.

In compliance with the [Higher Education Opportunity Act of 2008](#), the College has established a policy for responding to resident students who have not returned near the expected time and may be considered "missing". The full policy is available for review in the Residence Hall, Student Services and Campus Public Safety Office.

A resident may be considered "missing" if the student's absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

Missing students need to be immediately reported to Campus Public Safety, Student Life and/or any college housing staff member. Upon awareness of a potential missing student, Campus Public Safety will be notified and will begin an investigation of the situation.

if the student cannot be located after reasonable efforts, Campus Public Safety, Housing Staff or Director of Student Life will then contact the student's emergency contacts no later than 24 hours after the student has been missing. Campus Public Safety will file a missing person's report with the local police department.

A student who is missing and is believed to be the victim of "foul play", involved in a life threatening situation, has indicated suicidal threats or is believed they will do harm to themselves constitutes an immediate response situation. Campus Public Safety will be contacted immediately and will initiate a report, as well as take responsibility for notifying appropriate law enforcement agencies.

IMPORTANT INFORMATION REGARDING THIS REPORT

1. "Public Property" and "Non-Campus Property" statistics include information provided from local, county and state law enforcement agencies in the tri-county area. Every effort has been made to comply with the criteria set forth in the handbook for campus safety and security reporting and the Clery Act; however, the information provided from other agencies is not independently verified by COCC and may include reports of crimes that occurred in private residences or businesses or in other non-campus locations.
2. Municipal and county law enforcement agencies provide statistics according to F.B.I. Uniform Crime Reporting (U.C.R.) requirements.
3. These statistics reflect the most current information provided to COCC from all required parties. To the extent any of the crime statistics differ from previous reports, the figures represented in this year's report are compiled from the most current information.
4. Reported crimes may involve individuals not associated with Central Oregon Community College.
5. "Unfounded" crimes are reported crimes investigated by sworn or commissioned law enforcement authorities and found to be false or baseless. When a crime statistic has been disclosed and is "unfounded" in a subsequent year, the crime statistics will be revised and a notation will be made to explain the revision.
6. Central Oregon Community College used conditions and rules set forth by the Handbook for Campus Safety and Security Reporting to assess its statistics.

CREATING COMMUNITY

The Community of Learners at Central Oregon Community College is made up of students, faculty, staff and administrators. Together we are dedicated to personal, professional and academic excellence. The success of our students is our highest priority, one that is best achieved by each of us working together as members of this community to foster a climate of mutual respect and caring. Choosing to join our Community of Learners affords us both individual rights as well as responsibilities; as such, we embrace the following principles:

1 [PRACTICE PERSONAL & ACADEMIC INTEGRITY]

This principle requires honesty and fairness in and out of the classroom. It seeks to eliminate cheating, plagiarism, lying, deceiving and making excuses for dishonesty in academic and professional relationships.

2 [RESPECT THE DIGNITY OF ALL PERSONS]

This principle encourages understanding. Understanding involves empathy and respect, rejecting behaviors that compromise or demean the dignity of individuals or groups, including discrimination, intimidation and hazing,

3 [RESPECT THE RIGHTS & PROPERTY OF OTHERS]

This principle is inconsistent with all forms of theft, vandalism, misappropriation and malicious damage to or desecration and destruction of property. Respect for others' personal rights supports an individual's right to express themselves appropriately and to enjoy privacy.

4 [PROMOTE EMPATHY AND LEARN FROM DIFFERENCES IN PEOPLE, IDEAS AND OPINIONS]

This principle supports equal rights and opportunities for all members of the community regardless of age, sex, race, religion, disability, ethnic heritage, sexual orientation, marital status, social status, socioeconomic status, veteran status, political status or other affiliations.

5 [PROMOTE A HEALTHY AND SAFE LEARNING ENVIRONMENT]

A commitment to this principle is a pledge to be compassionate and considerate, to avoid behaviors that are insensitive, inhospitable or inciting, or that unjustly or arbitrarily inhibit another's ability to feel safe and welcomed in his or her pursuit of personal, professional and academic excellence.

6 [LIVING THESE PRINCIPLES]

Community of Learner members embrace these Principles and act accordingly. We also take responsibility to confront, challenge and respond to and/or report uncivil, hurtful, stigmatizing behaviors whenever and wherever they are encountered.

The partnership helps Campus Public Safety review current policies and procedures, training programs and code compliance. Information on the City of Bend's Fire Marshal is found on their website <http://www.bendoregon.gov/government/departments/fire-ems/about-bend-fire-ems/staff-directory>.

BUILDING INSPECTIONS

Inspections are completed on an annual basis in two parts, sprinkler systems and backflow testing and building inspections.

Upon completion of inspections, a formal report is provided to Campus Public Safety for review and recommendations on changes to be made in efforts to increase safety and comply with state fire codes. The annual report is kept on file in the Campus Public Safety office.

Of all activities undertaken to prevent fire, building inspections and plan review provide the best guidance to ensure the campus community is adequately protected in the event of an on-campus fire.

The building inspection process also helps college staff and emergency responders to learn the campus buildings layout and location of all fire safety equipment. This knowledge assists local emergency personnel responding to campus alarms, fires and other incidents.

THINGS TO REMEMBER

- Always call **911** first in an emergency
- Call CPS **541.383.7272** for non-emergencies
- If a fire alarm goes off in a building evacuate according to procedure
- Smoke cigarettes only in designated areas
- Know where fire extinguishers are located within buildings

FIRE SAFETY SYSTEM defined as any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems; fire detection devices; stand-alone smoke alarms; devices that alert someone to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms, and fire doors and walls that reduce the spread of a fire (34 C.F.R. §668.49 (a)).

FIRE STATISTICS

Fire statistics an institution must report statistics for each on-campus student housing facility, for the three most recent calendar years for which data are available, concerning:

1. The number of fires and the cause of each fire
2. The number of people who received fire related injuries that resulted in treatment at a medical facility, including an on-campus health center
3. The number of deaths related to a fire
4. The value of property damage caused by fire

An institution is required to submit a copy of the fire statistics in paragraph (c)(1) of this section to the Secretary on an annual basis (34 C.F.R. §668.49 (c)).

VALUE OF PROPERTY DAMAGE defined as the estimated value of the loss of the structure and contents, in terms of the cost of replacement in like, kind and quantity. This estimate should include contents damaged by fire and related damages caused by smoke, water and overhaul, but it does not include indirect loss, such as business interruption (34 C.F.R. §668.49 (a)).

RESIDENCE HALL

The College conducts three evacuation drills of on-campus residential facilities and one test of emergency evacuation procedures each calendar year. The results of these tests are contained in an official report available in Campus Public Safety. The report documents the test, deficiencies identified and how those deficiencies are addressed. Evacuation information is available in Wickiup Residence hall, Campus Public Safety and online at: https://www.cocc.edu/uploadedfiles/departments/_safety_and_security/cocc-emergency-procedures.pdf

FIRE SAFETY SYSTEMS AND FIRE DRILLS

Fire safety systems and the fire drills work together to promote the safety and wellness of our students, faculty, staff and visitors on campus.

While Central Oregon Community College has two residence halls on campus, only Wickiup Residence Hall (houses approximately 330 residents) is occupied, Juniper Hall closed as a residence hall in 2015.

Wickiup Residence Hall includes an audible and strobe fire alarm system, which includes alarms in all sleeping and commons areas. Detection systems are located in all sleeping areas and other areas as required by law.

The building has a full kitchen facility equipped with fire suppression, detection and fire extinguishers. The remainder of the building is serviced by a sprinkler fire suppression system in all areas as required by law and/or ordinance. The alarm system is monitored 24 hours a day, 7 days a week 365 days a year; all activations notify Campus Public Safety and the City of Bend Fire Department.

To report a fire in the residence hall:

- ✓ Emergencies call **911**
- ✓ Campus Public Safety **541.383.7272**
- ✓ Notify on-duty staff at residence hall

The building is compliant with Uniform Fire Code and includes the required number of fire extinguishers, appropriately placed emergency exits and emergency egress requirements. The building receives an annual inspection by the City of Bend Fire Department as well as fire extinguisher inspections, repair and replacement by a certified private provider.

Campus Public Safety and housing staff check all emergency doors, alarms and extinguishers on a monthly basis to ensure they are in place and functioning correctly.

FIRE POLICIES

COVERING HEAT/SMOKE DETECTORS IS STRICTLY PROHIBITED AND WILL RESULT FINES AND REFERRED FOR STUDENT ADJUDICATION

See page 8 for the specific types of fire systems in our on-campus residence hall.

DEFINITIONS

Fire sprinklers defined as the system that discharges water when the effects of a fire are detected (i.e. when a predetermined temperature has been exceeded).

Sprinkler heads should never be covered nor should items be hung from them.

Sprinklers placed in accordance to Oregon Fire Safety Standards and a yearly maintenance check conducted.

Standpipes are a rigid water pipe built into multi-story buildings. These types of pipes allow hoses to connect directly to them in the event of a fire.

Standpipes placed in accordance to Oregon Fire Safety Standards and a yearly maintenance check conducted.

SMOKE DETECTORS

Smoke detectors is a fire-protection device that automatically detects and gives a warning of the presence of smoke.

Detectors placed in accordance to Oregon Fire Safety Standards and a yearly maintenance check conducted.

FIRE EXTINGUISHER

Fire extinguishers are portable devices that discharge a jet of water, foam or gas to extinguish a fire.

Fire extinguishers placed in accordance to Oregon Fire Safety Standards and a yearly maintenance check conducted.

EVACUATION PLANS & PLACARDS

Evacuation plans and placards are developed and placed to ensure the safest and most efficient evacuation.

STUDENT HOUSING EVACUATIONS

Students, staff, faculty and visitors must adhere to the fire policies listed above and must understand and follow policies during the course of a fire on a COCC campus.

If a student discovers smoke or fire in the Residence Hall, immediately pull the closest fire alarm (pull station) and evacuate the building. Call **911** upon exiting to report the fire/smoke. Call Campus Public Safety **541.383.7272** to report the fire/smoke AFTER you have called **911**.

Wickiup Hall residents should become familiar with posted evacuations. Evacuation maps and procedures are located through Wickiup Hall.

Students must evacuate using stairwells and approved exits. **FAILURE TO EVACUATE DURING A FIRE ALARM IS PROHIBITED AND WILL RESULT IN FINES AND WILL BE REFERRED FOR STUDENT ADJUDICATION.**

All students should have at least two exit routes from the Residence Hall utilized in case of emergency. In the event of smoke, stay low and feel doors with the back of your hand prior to moving through to an exit.

Windows may be used in emergency evacuations when unable to leave through a door safely due to fire or smoke. If exiting through a window, attempt to alert someone outside for assistance.

Upon evacuating, students should move to the designated evacuation meeting spots. Depending on your location in the building this will be either Mazama field or in the I-parking lot. NEVER re-enter a building that is filled with smoke or on fire; if someone is still in the building notify a first responder, provide as much information as possible (location, name, room number, etc.).

Once it is determined safe for students to return to the Residence Hall, first responders will advise that it is safe and clear to do so.

USING AN EMERGENCY EXIT OUTSIDE OF AN EVACUATION IS STRICTLY PROHIBITED AND WILL RESULT IN FINES AND REFERRAL TO STUDENT ADJUDICATION

WHAT TO DO IF A FIRE OCCURS IN YOUR BUILDING (NON-RESIDENCE HALL)

- ✓ Assist individuals whom are in immediate danger; this could be individuals with special needs or those whom have sustained injuries.
- ✓ If unable to assist others or doing so would put your personal safety at risk, remember the location and description of the individual and notify first responders.

- ✓ Pull the nearest fire alarm as soon as possible once you have noticed the

smoke or fire. No matter how small or insignificant a fire might appear, they can grow rather quickly and put others at risk of injury or

death. It is better to sound the alarm and it be false than not and have it be a legitimate fire.

- ✓ After a decision to evacuate an area, ensure that doors (including those into stairwells) are closed and doors that separate hallways and buildings.

- ✓ Find the quickest and safest exit. Smoke can be disorienting – look for fire exits.

- ✓ Never take the elevator. Use the stairs.

EMERGENCY PROCEDURES FOR PEOPLE WITH DISABILITIES

These procedures apply to all departments on campus including Wickiup Hall residents. This procedure has been developed to ensure the safety of all individuals on COCC property during emergencies.

PROCEDURE

1. Follow the building specific emergency egress procedures unless advised differently from the responding fire department.
NOTE: the fire department may request a different procedure depending on the nature of the emergency
2. Identify any persons in your immediate area that may have disabilities and ask if they are in need of assistance.
3. Never attempt to move or evacuate any person using stairs or using elevators unless authorized by the responding fire department.
4. Report the presence, exact number and specific location of any person with a disability in the building to the responding fire department.

FIRE DEPARTMENT

Once the fire department is on scene, they will take over coordination of evacuations for people with disabilities who have not yet evacuated. Everyone must follow the direction of the fire department.

Elevators generally return to the ground floor when a fire alarm is activated and will then only open with a fire fighter's key. In the case of emergency always use the stairs unless specifically directed by the fire department.

IMPORTANT SAFETY TIPS

- ✓ Position yourself and the individual with a disability on one side of the corridor near the stair door in a way that does not cause an obstruction.
- ✓ Do not conduct a stairway evacuation of wheelchair user unless you are a trained professional.
- ✓ Keep the stair doors closed at all times.
- ✓ If the primary waiting area is not safe, move to a secondary location.
- ✓ Do not lift any person unless you are trained to do so; you can offer your elbow if they are ambulatory.
- ✓ Advise the responding fire department of the location and description of any individuals still in the building.

APPENDIX

FIRE STATISTICS AND FIRE LOG

Campus Public Safety maintains a written fire log for the purpose of recording fires that occur in/around on-campus student housing.

The fire log provides information relating to the date reported, nature or cause of the fire, date the fire occurred, time and general location of each fire. It is a requirement that any reported fire must be documented in the fire log within 48 hours.

The fire log is open to public review for the most recent 60 day period during normal business hours:

- **Hours:** Monday – Friday 8:00 A.M. to 5:00 P.M.
- **By Mail:** Campus Public Safety Office | 2600 NW College Way | Bend, OR 97703
- **In Person:** Boyle 161
- **Email:** publicsafety@cocc.edu | **Attn:** FIRE LOG REQUEST

Any request for fire log details older than 60 days will be available within two business days of the request for public inspection.

To report that a fire has occurred on campus (non-emergency) please notify Campus Public Safety **541.383.7272** so we can include it in our Fire Log. In the event of an emergency always, call **911** first.

FIRE SAFETY TIPS

FIRE EXTINGUISHER USE

Most fire extinguishers operate using the following technique:

TYPES OF FIRE EXTINGUISHERS

The type of fire extinguisher used is dependent on the cause of the fire. Extinguishers are labeled with a letter identifying which one should be used in case of fire.

Fires can grow out of control in less than five (5) minutes. Before using a fire extinguisher, always pull the building fire alarm.

- Do not attempt to use a fire extinguisher if the fire is large and spreading.
- Do not use the extinguisher if the lock pin has been tampered with, the cylinder is damaged or pressure gauge is in the “recharge zone”

Class of Fire	Type of Fire	Type of Extinguisher	Extinguisher Identification	Symbol
A	Ordinary combustibles: wood, paper, rubber, fabrics, and many plastics	Water, Dry Powder, Halon		
B	Flammable Liquids and Gases: gasoline, oils, paint, lacquer, and tar	Carbon Dioxide, Dry Powder, Halon		
C	Fires Involving Live Electrical Equipment	Carbon Dioxide, Dry Powder, Halon		
D	Combustible Metals or Combustible Metal Alloys	Special Agents		 <small>No Picture Symbol</small>
K	Fires in Cooking Appliances that involve Combustible Cooking Media: Vegetable or Animal Oils and Fats			

DISCOVERING FIRE OR SMOKE

Steps best remembered by using the R.A.C.E acronym:

R: Rescue - any person in immediate danger

A: Alarm – pull the fire alarm to alert everyone in the building

C: Confine – the fire by closing all the doors where possible. Turn off electronics and gas equipment in your area as you EVACUATE only if it is safe to do so.

E: Evacuate – using the nearest stair exit – or door (if on ground floor)

1. Report the incident by calling **911** from a safe location – then Campus Public Safety **541.383.7272**.
2. Report any discharged fire extinguisher and first-hand information you might have for first responders regarding the fire.
3. Move to designated evacuation staging areas
4. Re-enter the building only after first responders announce the all clear

If your clothes are on fire,

stop | drop | roll
